PRODUCT SPECIFICATION

GREEN CARDAMOM

AJVAC Green Cardamom is sourced directly from our family-owned estates nestled in the spice-rich hills of Idukki, Kerala-the heartland of India's finest cardamom. Grown in the pristine environment of the Western Ghats, our cardamom is renowned for its vibrant green colour, bold aroma, superior flavour, and high essential oil content.

Harvested with care, expertly graded, and hygienically packed, our cardamom is processed to meet the requirements of international spice importers, wholesalers, food manufacturers, and private-label brands. Every batch reflects the authenticity, traceability, and quality associated with Kerala's spice heritage.
